*Re: Section 272(f)(1) Sunset of the BOC Separate Affiliate and  
Related Requirements, WC Docket No. 02-112*

Dear Ms. Dortch:

This letter supplements Verizon's March 27, 2007 response to specification 4 of the Commission's March 13 information request.

On April 19, 2007, Verizon submitted as Exhibit 4.5 additional data from Harte-Hanks that set forth the percentage of customer sites at which a carrier is a provider for the following product segments: T-1, T-3, Frame Relay, ATM, Long-Distance, and VPN.<sup>1</sup> These new data provide a more granular breakdown of business sites, dividing them into four categories: 0 to 4 site employees, 5 to 19 site employees, 20 to 249 site employees, and 250+ site employees. Exhibit 4.5 presented data for each of the 28 states in which Verizon provides local wireline telephone service plus the District of Columbia; within each individual state data were provided separately for Verizon's in-franchise service territory and out-of-franchise territory.

<sup>1</sup> See Letter from Joseph Jackson, Verizon, to Marlene H. Dortch, FCC, WC Docket No. 02-112 (Apr. 19, 2007).

The attached Exhibit 4.5.A presents these same data by MSA. Verizon has included a "Region" column which designates each MSA as a former Bell Atlantic North ("fBA North"); former **Bell** Atlantic South ("fBA South"),<sup>3</sup> former GTE ("fGTE"),<sup>4</sup> or non-Verizon ("Non-VZ") MSA. Although an MSA may be designated as fBA North, fBA South, or fGTE, Verizon is not necessarily the only incumbent LEC in the MSA.

Exhibit 4.5.A contains Highly Confidential Information and has been marked "HIGHLY CONFIDENTIAL INFORMATION - SUBJECT TO SECOND PROTECTIVE ORDER IN WC DOCKET NO. 02-112 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION in accordance with the Second Protective Order in this proceeding."

If you have any questions, please call me at 202-515-2467

Very truly yours,

<sup>2</sup> fBA North states consist of New York, Connecticut, Massachusetts, Maine, New Hampshire, Rhode Island, and Vermont. For purposes of this analysis, the New York MSA was assigned to fBA North.

<sup>3</sup> fBA South states consist of Delaware, Maryland, New Jersey, Pennsylvania, Virginia, West Virginia, and the District of Columbia.

<sup>4</sup> An MSA that consists of areas served by both the former Bell Atlantic and the former GTE was designated as a former Bell Atlantic area.
